PLACE ACQUIRED		SUPPLEMENT TO REPORT NO.	25X1X

1. An internal combustion engine factory is under construction at Ludwigsfelde near Berlin.¹ The plans drafted by the Industrieentwurf Magdeburg show three halls of similar construction with dimensions of 102 by 25 meters. The plant is well hidden in the woods and the site is off limits to unauthorized persons. Workers employed at the construction site are of the opinion that the plant will produce tank motors for the expanding motorized police forces.
